SUBJ: Support for WL University Senate Document 22-20 PNW Concerning Chancellor Thomas Keon's Racist Comments

Support for WL University Senate Document 22-20 PNW Concerning Chancellor Thomas Keon's Racist Comments

WHEREAS the West Lafayette (WL) University Senate has introduced and passed [SD 22-20 PNW Chancellor Thomas Keon's Racist Comments](#); and,

WHEREAS SD 22-20 noted that 135 Purdue University Northwest (PNW) faculty or administrators, or 87% of those casting ballots, had voted "[no confidence](#)" in Chancellor Keon's leadership,

BE IT RESOLVED that the Fort Wayne Senate endorses WL University Senate SD 22-20 and stands with both PNW faculty and the WL University Senate, the governing body of Purdue faculty at West Lafayette; and,

BE IT FURTHER RESOLVED that the Fort Wayne Senate joins the WL University Senate in condemning Chancellor Keon's racist mocking of Asian languages at the PNW commencement, an official and outward-facing Purdue University event; and,

BE IT FURTHER RESOLVED that the Fort Wayne Senate joins the WL University Senate in

calling for Chancellor Keon's resignation after repeated failures of leadership since PNW's commencement, including refusals both to meet with PNW faculty to discuss the vote of no confidence, and to attend PNW University Senate meetings; and,

BE IT FURTHER RESOLVED that the Fort Wayne Senate joins the WL University Senate in asking the Purdue Board of Trustees to remove Keon from his position as Chancellor of PNW if his resignation is not immediately forthcoming.

Subject: PNW Chancellor Thomas Keon's Racist Comments
Disposition: University Senate for Discussion and Adoption

Rationale: Chancellor Thomas Keon engaged in racially charged behavior when he mocked Asian language at the Purdue Northwest (PNW) 2022 Winter Commencement. His performance humiliated and dehumanized Asian Americans and Asians, and tarnished Purdue's global reputation. An [editorial](#) written by a Purdue Faculty Member published in the Purdue Exponent ("Why the PNW Chancellor's Words Matter" by Xiang Zhou, 21 December 2022) as well as an [open letter](#) from members of Purdue Asian American and Asian faculty and staff, explains the gravity of this behavior particularly as it impacts our Asian American and Pacific Islander (AAPI) faculty and students. The Purdue Board of Trustees' and Keon's inadequate response to the outrage his actions produced has led to national and international indignation. For instance:

- A [statement of condemnation](#) has been signed by 1,000 scholars from hundreds of U.S. universities
- Over 9,400 people have signed a [student-initiated petition](#) calling for Keon's resignation
- Dozens of statements and public demands for his removal have been released by Asian American, Black, LGBTQ, and many other communities
- The Urban League [has removed him from its board](#), and other organizations are pondering whether to do so
- 87% of PNW faculty have voted "[no confidence](#)"

At Purdue West Lafayette, we are over 25% AAPI, and a mere reprimand of Chancellor Keon's behavior suggests that demeaning humor, which has historically been used as a tool of oppression and subjugation, is tolerable. We agree with the 87% of PNW faculty who voted no confidence, and call on the Trustees of Purdue University to act resolutely to restore confidence in leadership within the Purdue University System by removing Thomas Keon from leadership.

Proposal: The Faculty Senate condemns Chancellor Thomas Keon’s actions at the commencement, and his failure of leadership since that time, and calls for his resignation. If that resignation is not immediately forthcoming, the Purdue Faculty Senate asks the Board of Trustees to remove Keon from his position as Chancellor of PNW. Given the gravity of the unacceptable behavior by Keon, this is for the good of Purdue. Further, and most importantly, this would demonstrate Purdue’s support for diversity, equity, and inclusion, and the need for a leader who has the confidence of the university community, including its faculty. Failure to do so would send the opposite message.
