Acta

1. Call to order: C. Lawton called the meeting to order at 12:00 p.m.
2. Approval of the minutes of March 11: The minutes were approved as distributed.
3. Acceptance of the agenda:

J. Johns moved to accept the agenda.

Motion to accept the agenda passed on a voice vote.

4. Reports of the Speakers of the Faculties:

- a. Deputy Presiding Officer:

N. Younis: Nothing to report.

- b. IFC Representative:

B. Buldt: Good afternoon, everyone!

My report from IFC, the Intercampus Faculty Council, can be brief. The split of IUPUI into “PIN” and “IUI” is almost done with few wrinkles left to ironed out. While PIN will be an extension of PWL, it is expected that IUI will be re-classified as an R1. This leaves us as PWL as the only metropolitan university in the Purdue System for the foreseeable future as the new Chancellor of PNW seems to have no ambition to get PNW re-classified. PWL Senate has put out a Qualtrics survey to solicit input from Faculty on how SB 202 should be implemented; once their results are in, we can use their data to guide our own thinking in the fall. Speaking of SB 202, we are still hopeful that we can have a joint statement made by Faculty Leadership and the Administration before the spring semester comes to a close.

My second set of remarks conflate my roles as Faculty Speaker and Chair of the Subcommittee Taskforce whose previous AY membership continued to

work throughout this AY on the revision of the Bylaws, which are on the agenda for today. Whether Senate approves of the proposed revision today or not, there will be more steps we think we need to take to improve the work of Senate. The reason is simple: we cannot expect committees to do important and meaningful work if they don't understand the expectations we have. This is why we plan to offer "Senate 101" workshops in the fall during on-duty week for all incoming Senators and incoming committee members but will also offer one-on-one sit-downs with all committee chairs who request it. If committees don't meet because their chairs don't know what to do, then we have to provide them with the training they need. In the end, we envision a Senate that in addition to its policy work and its advisory role will also create its own agenda to help advance the academic mission of our University. But this requires faculty who dedicate a fair amount of their time to faculty (self-)governance, or as it is called—somewhat misleading, I think—to service. Now the economic notion of rationality is the following: a person acts rationally if the person avoids a certain or a guaranteed loss, say, loss of money or of other resources. But as things stand currently, engaging in meaningful faculty governance on this campus guarantees you a certain loss, so we are forcing people to act irrationally. Not a good idea for a university, which should be a paragon of rationality. Something has to change. To be clear, I'm in no position whatsoever to announce anything, but what I can still say is that Faculty Leadership is at least hopeful that starting this fall we will have conversations about finding ways to better recognize those who engage in faculty governance.

Thank you!

5. Report of the Presiding Officer:

C. Lawton: As you will have seen, our agenda today is quite full. Because the April meeting (with possible continuation next week) is our last of the year and we would like to wrap up as much as we can, the Executive Committee has decided to suspend our new practice of introducing and discussing at one meeting and voting at the next and instead do both for some of the items at this meeting. One such item is the revision of Senate by-laws. Drafting of this proposal was an enormous undertaking and we owe gratitude to the Subcommittee Task Force for doing this work. The main goal was to reduce the number of subcommittees so that a smaller number of fewer faculty will be required to accomplish the work of the Senate. This is an issue close to my heart and brings me back to my very first PO remarks at the Senate meeting in September when I told you that I only stepped up to take the PO position after repeated calls for someone to step up. It was not something I aspired to in the last year of my career and also appeared to be a role that was unpleasant at times. But this turned out not to be the case at all; I have enjoyed being involved in the behind-the-scenes work and the actual leading of meetings. I thank you all for that and wish you a wonderful summer and the very best going forward.

6. Special business of the day: There was no special business of the day.

7. Unfinished business:

a. Student Affairs Committee (Senate Document SD 23-11) – N. Younis

W. Sirk moved to take Senate Document SD 23-11 (Proposal for Revision Senate Bylaws - MAAS) off the table.

Motion to take Senate Document SD 23-11 (Proposal for Revision Senate Bylaws – MAAS) off the table passed on a voice vote.

Motion to amend with the following:

Page 3:

Deleting “We ask that Student Affairs notify the Senate Executive Committee to start the process of updating the Bylaws of the Senate. I have included the resolution in a separate document.”

Adding “After the resolution was sent to the Executive Committee, it was highlighted that adding a CSSAC seat would violate the faculty voting percentage on the sub-committee. There was also question as to if the Senior Women’s Administrator was a voting or non-voting member of the committee. She had never voted, but it was interpreted as she was a voting member.

The MAAS subcommittee has rewritten the membership requirement of the subcommittee to make it clearer and make sure that it is in alignment with the Voting Faculty percentage and passed with a unanimously (10-0).

Voting	Non Voting
8 Faculty	1 Athletic Director
1 FAR	1 Senior Women’s Administrator
1 Student	1 Compliance Officer
1 Alumni	
1 APSAC	
1 CSSAC	
Total Votes = 13	
Total Faculty Votes = 9	
Faculty % = 69%	

Page 4:

Adding “WHEREAS, adding a CSSAC representative would then put the Faculty Voting percentage out of compliance with the Senate Bylaws, we recommend reducing the Student Government representative from 2 to 1, as Student Government has had trouble appointing 2 members.

WHEREAS, there was confusion from the current by-laws if the Senior Women's Administrator was a voting or non-voting member of the committee."

Deleting "two students selected by the Student Government; the Faculty Athletics Representative (ex officio); the NCAA Compliance Coordinator (ex officio, nonvoting); one PFW alumnus/alumna appointed ex officio by the Chief Administrative Officer in consultation with the administrator of alumni relations; an administrative/professional staff member; the senior women's athletic administrator; and the administrator of athletic programs (nonvoting).

The Presiding Officer of the Senate shall annually request the Student Government to select the student representatives ~~and~~, the Administrative Council to select the administrative/professional staff representative, and the Campus Support Staff to select a Support Staff representative. Student representatives shall serve staggered two-year terms with the terms to commence one week before the beginning of regular fall classes. The administrative/professional staff representative ~~and the Support Staff representative~~ shall serve for one year. The Faculty Athletics Representative shall serve as the chair of the committee."

Adding the "Faculty Athletics Representative (ex officio, voting, chair); the Athletic Director (ex officio, nonvoting), the senior women's athletic administrator (ex-officio, nonvoting); the NCAA Compliance Coordinator (ex officio, nonvoting); one PFW alumnus/alumna (voting) appointed by the Chief Administrative Officer in consultation with the administrator of alumni relations; an administrative/professional staff member appointed by the Administrative and Professional Staff Advisory Council (voting) , a support staff member appointed by the Campus Support Staff Advisory Committee (voting); one student selected by the Student Government (voting). The Chair of the Senate shall annually request that Student Government select the student representative and they shall serve for one year term. c. (Senate Reference No. 23-30) – S. Carr

Given recent issues involving the Free Application for Federal Student Aid (FAFSA), can PFW administration explain what concrete steps or measures it has put into place so that students enrolled for fall semester will have full and timely access to any and all aid packages for which those students are eligible? Beyond extending student commitment deadlines to 30 June, what additional flexibility will the university have in place for fall so that students do not experience compounded financial hardship due to delays, glitches, and confusion that clearly went or will go beyond their control?

R. Elsenbaumer: (Answer delivered via email and read by C. Lawton).

The FAFSA Simplification Act, which is being implemented by the U.S. Department of Education, has caused major disruption to universities and colleges nationwide. Some institutions may see as much as a 30% decline in enrollment owing to this major disruption in awarding financial aid. The issues associated with the Department of Education rollout have brought about major changes and major delays in how financial aid is allocated to students. While this is having a profound effect on Purdue Fort Wayne and our students, our institution is addressing concerns head-on. Nonetheless, there is a significant unknown as to how this might impact our enrollments and revenue projections for this coming Fall semester, and thus our budget planning.

Despite challenges at the Department of Education—including multiple delays and inaccuracies—our Office of Financial Aid has been committed to supporting students through the process. Initiatives include extending scholarship deadlines, proactive communication with current and prospective students, FAFSA Completion Events, and Banner system upgrades. Despite the federal delays, our Financial Aid team has been ensuring accurate information for students as timely as possible.

The Office of Financial Aid's current plan is to send award letters to students and have their financial aid posted by the end of April or early May. Meanwhile, emergency funds are available for students in need. More on that to follow below.

Let me outline several initiatives that the university is actively pursuing to ensure that we offer support for our students during this transition:

- The deadline for Purdue Fort Wayne Scholarship consideration has been extended from June 1, 2024 to August 1, 2024. This most likely will considerably delay student decisions and may negatively impact enrollments for Fall.
- Both the Office of Admissions and the Office of Financial Aid have been communicating with prospective students who are eligible for the PFW Scholarship before finalizing students' financial aid packages. Previously, students were informed of their PFW Scholarship at the time of receiving their complete financial aid award. So, at least prospective students are getting some indication of what financial aid PFW will provide to possibly help students with a timely decision to attend.
- As reported multiple times since January via sources such as the *Don Life* student newsletter, the *Inside PFW* faculty and staff newsletter, the twice-weekly *What It Takes* emails to students, and local and state media outlets, the Office of Financial Aid has organized multiple FAFSA support and completion events to assist current and prospective students, as well as parents and members of the community.
- The Office of Financial Aid, in collaboration with the Banner Steering Committee, comprised of representatives from various university departments including the Registrar's Office, Student Information Systems, Bursar's Office, Information Technology Services, and Admissions, has been diligently implementing Banner upgrades as they are released by Ellucian, Banner's parent company. Several weekends have been dedicated to installing, testing, and resolving any issues encountered.
 - It's important to note: Just as students and higher education institutions have experienced delays in receiving information from the Department of Education, third-party vendors have also faced delays in obtaining the necessary information to update their systems, resulting in delayed access to Banner upgrades from Ellucian. Banner has now been upgraded at PFW, and testing has begun. The upgrades were successfully implemented and in production on April 12, enabling the Office of Financial Aid to begin testing their ability to award aid. Official award letters are expected to be delivered to students by the end of April or early May.
 - A tremendous commendation is well-deserved for the ongoing dedication and prompt action of this group in ensuring that our university systems are updated with the most accurate and up-to-date information.
- Once award letters begin being distributed and aid is posted to student accounts, the Office of Financial Aid will maintain its commitment to providing student support and advocacy while also remaining available to address any questions or concerns

students may have.

- For students facing extenuating circumstances and additional financial burdens, the university has established two funds to provide support—emergency funding, as well as additional funds for students nearing completion of their degree but requiring additional financial assistance.

The Financial Aid team is well-equipped and committed to ensuring our students receive the support they need as they make this significant investment in themselves.

B. Buldt: How much money set aside was used to help students complete their degrees?

R. Wooley: The funds for the emergency, I believe, have roughly a \$25,000 balance. That is for each year.

b. Senate Reference No. 23-29 – A. Nasr

According to a [report from WANE-15](#), PFW sues more students in small claims court than any other public university in the state; PFW charges as much as 33% interest on defaulted loans (according to the WANE-15 report); the majority of students sued by PFW are low income. By way of comparison, in 2023, PFW filed 340 lawsuits in small claims court and PWL filed one.

Aside from the glaring ethical issues, PFW's debt collection practices are antithetical to who the institution claims to be. This appears to violate institutional DEI policies as it marginalizes a financially disadvantaged group.

1. How is the institution being diverse, inclusive, and equitable when it targets low income students in small claims court?
2. Could the Administration please explain PFW's debt collection practices and corresponding data to provide clarity on this important issue?
3. Higher education is already under scrutiny. How does suing low income students in Northeast Indiana combat shrinking enrollment?
4. How many of the students sued completed a degree program and how many did not? How many sued students retained legal representation? How many sued students received a default judgment in favor of PFW? How many sued students, after being ruled against, had wages garnished? How many sued students transferred to another school? How many sued students dropped out of higher education? What are average judgment amounts?

R. Elsenbaumer: (Answer delivered via email and read by C. Lawton).

Purdue Fort Wayne is committed to the success of its students, including financial success. To that end, the university makes every effort to help students achieve an education that is both attainable and affordable.

We are especially proud of the fact that Purdue Fort Wayne students are not saddled with enormous debt following graduation. Our students graduate with average debt of just over \$12,000, compared to the national average of \$20,000. Additionally, the loan default rate for our students is only 2.6 percent, compared to the national average of 7 percent. These are strong indicators of the financial health and well-being of our students following graduation and a testament to the fact that the university helps students steward their financial resources—including financial aid, grants, and scholarships—throughout their college journey.

This includes providing students with ample opportunities to avoid having their accounts become delinquent. First and foremost, all students are offered the option of enrolling in a payment plan if they anticipate financial hardships or are having difficulty keeping their account current. This is perhaps the best way for a student to help mitigate their financial obligation and avoid having their account become delinquent. Any student enrolled in a payment plan and current on payments will not have any holds placed on their account.

The dollar value of delinquent accounts is not insignificant. From 2010 to 2024, delinquent accounts totaled \$26.7 million. As of February 2024, about \$15.5 million of that amount had been collected. The remaining uncollected debt—any uncollected debt—is a direct financial hit on the university's bottom line. Purdue Fort Wayne, as a state-operated business, is not budgeted to absorb such losses. This loss of tuition revenue has a direct effect on the financial well-being of the university's academic enterprise, including faculty salaries and merit increases.

If a student does end up with an account that has become delinquent, at the end of the semester the student will begin receiving a paper invoice mailed to them monthly. Should a student fail to pay the invoice or make payment arrangements, they will then be sent a notice requesting payment within 30 days. If there is still no action by the student, a final notice is sent requiring payment within 10 days.

If none of these actions are successful, the university takes the final step of referring delinquent accounts to an attorney. Only accounts with balances exceeding \$500 (over four long semesters) or balances exceeding \$1,000 (over one long semester) are referred to an attorney. Then and only then, will the attorney send the student a letter and proceed with a lawsuit in small claims court.

Any decision to involve the court system is made as a last resort and only after the university has determined that its multiple attempts to work with the student or their family to establish a manageable resolution have been rejected or ignored. It should also be noted that the university no longer places any holds on transcripts or diplomas for non-payment.

- a. Senate Reference No. 23-28 – M. Wolf

There has been considerable discussion in official and unofficial meetings on campus of a significant, critical, and unexpected shortfall in the university's budget. The shortfall has triggered the suspension of academic searches, disrupted the strategic procedural decisions on position requests of at least one college, and the closing of a minor program out-of-line with university procedures. The issue is that numerous narratives have emerged about the scale of the shortfall (from \$1 million to \$10 million) as well as the cause of the shortfall (pressing facilities maintenance costs, expenses beyond budget for Athletics). Given that the shortfall has wrongly negatively influenced the academic mission of the university and narratives have spread that are full of inaccuracies, can the administration:

- Detail the shortfall relative to budget expectations discussed in the November 2023 Fort Wayne Senate meeting.
 - What is the size of the shortfall?
 - What are the specific causes of the unexpected shortfall?
 - Why were these unexpected?
- How have Athletics spending and unexpected building repairs contributed to this shortfall, and what were the respective dollar amounts involved?
- What dollar amount will Academic Affairs have to cover, and what is this amount reflected as an overall percentage of Academic Affairs' budget?
- In particular, the year-end cash balances, reserve balances, and CFI were indicated to be healthy in the Fall 2023 report to the Senate (see PowerPoint slide). Why are reserves not a source of covering the shortfall rather than dipping into the already too small \$200,000 of new funding toward Academic Affairs for new positions, when the university had promised to begin addressing the backfilling of academic positions that we have not rehired in recent years?

The primary mission of this comprehensive regional university is to provide a comprehensive education to this region's students and others that we can draw. We are diminishing our comprehensiveness without a sufficient understanding of the financial reasons for doing so.

N. Younis moved to extend the meeting by ten minutes.

Motion to extend the meeting passed on a voice vote.

R. Elsenbaumer: (Answer delivered via email and read by C. Lawton).

Universities across the country have been struggling with budget challenges and shortfalls following the COVID-19 pandemic, and Purdue Fort Wayne is no exception.

Federal Higher Education Emergency Relief (HEERF) funding provided much-needed relief to public universities grappling with the financial repercussions of the COVID-19 pandemic. PFW utilized these HEERF funds to strengthen our efforts to retain students and minimize the negative financial impacts of the pandemic.

It is against that backdrop that Purdue Fort Wayne finds itself projecting short-term budget issues here at the end of this fiscal year. While this situation is unfortunate and will require immediate attention, it is important to stress that we are not anticipating a major disruption to campus operations—rather, a wake-up call and a reality check.

We have the wherewithal to manage our way through this. We are confident we can rectify the situation, both for the short-term and the long-term, if we work together and take necessary corrective steps during the remaining months of this fiscal year and in our planning and spending habits for FY 2025.

For the current fiscal year, we budgeted for a \$3,000,000 deficit to cover some essential needs. This included spending \$1,200,000 from reserves to fund the PFW Scholarship program and another \$300,000 to cover other one-time expenses that were identified by academic and administrative units as high priorities. The additional \$1,500,000 of spend used the carry-forward balance of state funding to support our academic expansion initiative.

Based on current spending trends, however, the university is projecting an additional deficit that could range from \$2,300,000 to \$3,800,000 by fiscal year end. While the vast majority of the deficit spending has been unavoidable and directly supports our students, our academic enterprise, campus safety, and critical infrastructure, it is not sustainable.

Our immediate focus and goal must now be to mitigate the potential of the projected deficit.

First, we need to acknowledge that the current budget situation can be attributed to two primary factors, both of which we will be addressing going forward:

- Costs associated with unanticipated expenses, emergency repairs, and critical maintenance. For the future, we will work closely with affected units to be sure that relevant budgets are realistic, that reasonable contingencies are built in, and that expenditures are more closely scrutinized.
- Overspending from allocated budgets and reserves by some units. It is incumbent upon each of us to be good stewards of university funds that we have been entrusted with. We will be taking a very close look at these instances on an individual basis to determine if corrective action is needed.

In order to lessen the potential impact of the projected deficit, we are implementing some short-term strategies and practices to help conserve financial resources and control spending through the end of the current fiscal year on June 30.

- Effective immediately, all purchases, regardless of amount, will require appropriate signoffs via a Purchasing Approval Form that is being distributed to all budget managers. Purchases of \$10,000 and above will require review and approval by the Chancellor's Cabinet and Purchasing.
- We are urging all campus leaders to seriously consider which major expenditures are essential for the remainder of the current fiscal year, which ones can be deferred to FY 2025, and which ones could be considered for elimination.

The very reason we develop annual budgets across the university is to anticipate financial needs and expenditures for the year ahead. In most cases, this works well. However, there will always be unanticipated emergencies and extenuating circumstances that cannot be avoided. Our goal and our responsibility are to budget wisely, ensure compliance, and build sufficient reserves to more effectively deal with these types of occurrences.

As we continue to manage the current budget situation, we also are in the final phase of developing budgets for FY 2025. We are emphasizing the expectation that all units must, at a minimum, operate within their allocated budgets.

Finally, we should all be cognizant of the fact that Purdue Fort Wayne is in many ways a fragile institution without deep pockets and multiple revenue streams. As an institution that depends so heavily on tuition revenue, our efforts must continue to be focused on increasing our student population to levels that are necessary to support not just our academic and administrative operations, but also our aspirations. This is critical to the university's long-term financial security.

M. Wolf: I still have a lot of questions, but we don't have time to deal with this. There is more at stake.

J. McHann: The Nominations and Elections Committee wants to remind everybody that the Qualtrics survey that Josh sent out to nominate for committees is due on April 29. We still have several very important committees for which we need Senators to nominate. So much work has been done to try to reorganize the Senate committees. We are all busy with final exams coming up, but we really need to pay attention to this Qualtrics survey.

Subj: Charge to Consider CSSAC Representation on Mastodon Athletics Advisory Subcommittee

Dear Mastodon Athletics Advisory Subcommittee:

The Campus Support Staff Advisory Committee (CSSAC) has asked the Senate Executive Committee to consider adding a seat to the Mastodon Athletics Advisory Subcommittee so they can have representation. It is noted that the Administrative & Professional Staff Advisory Council (APSAC) already has a standing seat on the Mastodon Athletics Advisory Subcommittee.

The Executive Committee hereby asks you to work on the following charges:

- (1) Consider adding a CSSAC seat to the Mastodon Athletics Advisory Subcommittee.
- (2) Report the decision to the Student Affairs Committee (SAC) by the end of November 2023. The SAC will notify the Senate Executive Committee. If the decision is to add a CSSAC seat to the Mastodon Athletics Advisory Subcommittee, the Senate Executive Committee can start the process of updating the Bylaws of the Senate.

Subj: Change to the Membership of the MAAS in the Bylaws

Dear Student Affairs Committee:

The Mastodon Athletics Advisory Subcommittee (MAAS) received a charge from the Senate Executive Committee on October 2, 2023 to consider adding a Campus Support Staff Advisory Committee (CSSAC) seat to MAAS so they can have representation. MAAS unanimously (7-0) agreed to add a CSSAC seat to MAAS at our meeting on October 6, 2023.

After the resolution was sent to the Executive Committee, it was highlighted that adding a CSSAC seat would violate the faculty voting percentage on the sub-committee. There was also question as to if the Senior Women’s Administrator was a voting or non-voting member of the committee. She had never voted, but it was interpreted as she was a voting member.

The MAAS subcommittee has rewritten the membership requirement of the subcommittee to make it clearer and make sure that it is in alignment with the Voting Faculty percentage and passed with a unanimously (10-0).

SUBJ: Proposal for Revision Senate Bylaws

WHEREAS, the Senate Bylaws currently state in Section 5.3.4.3.1 under the Mastodon Athletics Advisory Subcommittee heading:

5.3.4.3.1.	<p>Membership: The Mastodon Athletics Advisory Subcommittee shall consist of eight Voting Faculty and lecturers elected by the Senate in such manner that at least four of the Major Units shall be represented; two students selected by the Student Government; the Faculty Athletics Representative (ex officio); the NCAA Compliance Coordinator (ex officio, nonvoting); one PFW alumnus/alumna appointed ex officio by the Chief Administrative Officer in consultation with the administrator of alumni relations; an administrative/professional staff member; the senior women’s athletic administrator; and the administrator of athletic programs (nonvoting).</p> <p>The Presiding Officer of the Senate shall annually request the Student Government to select the student representatives and the Administrative Council to select the administrative/professional staff representative. Student representatives shall serve staggered two-year terms with the terms to commence one week before the beginning of regular fall classes. The administrative/professional staff representative shall serve for one year. The Faculty Athletics Representative shall serve as the chair of the committee.</p>
------------	---

WHEREAS, to gain perspective from multiple areas of the campus, the Mastodon Athletics Advisory Subcommittee would like to change the Senate Bylaws and add a Campus Support Staff Advisory Committee (CSSAC) representative to the subcommittee.

WHEREAS, the Mastodon Athletics Advisory Subcommittee already has representation from each unit on campus, including the Administrative & Professional Staff Advisory Council (APSAC)

WHEREAS, adding a CSSAC representative would then put the Faculty Voting percentage out of compliance with the Senate Bylaws, we recommend reducing the Student Government representative from 2 to 1, as Student Government has had trouble appointing 2 members.

WHEREAS, there was confusion from the current by-laws if the Senior Women’s Administrator was a voting or non-voting member of the committee.

BE IT RESOLVED, that section 5.3.4.3.1 of the Senate Bylaws is updated to state:

5.3.4.3.1.	"5.3.4.3.1. MEMORANDUM

Approved, 4/15/2024

TO: Fort Wayne Senate
FROM: Steven A. Hanke, Chair of the Education Policy Committee
DATE: 2/12/2024
SUBJ: Commencement Ceremony Schedule

WHEREAS SD 22-25 charged the Education Policy Committee (EPC) to complete its information-gathering process related to scheduling an alternative weekend date for the commencement ceremony,

WHEREAS the EPC discussed the issue with Jerry Lewis (VC Communications & Marketing) and Marcus Weemes (Executive Director of Housing),

WHEREAS the EPC believes that the information provided indicates the net benefits (e.g., utilized venue, operational demands on PFW employees, minimizing scheduling conflicts, housing costs) by Jerry Lewis and Marcus Weemes on the following pages supports maintaining the current commencement ceremony schedule of the Wednesday following the conclusion of finals week,

BE IT RESOLVED that PFW maintain its current commencement ceremony schedule of the Wednesday following the conclusion of final exams.

- In order to have a Ceremony there on a Sunday, this setup would ideally have to begin on a Friday evening; a Saturday ceremony would require setup to begin on a Thursday evening. These are prime rentable days and nights for the Coliseum and Expo Center for concerts, trade shows, and other events. Even if we could find weekends in future years that the space is available, it would be at a premium price.
- The Sunday following the current Wednesday Commencement Ceremony dates is usually Mother's Day. That would be a very unpopular weekend to schedule a Commencement Ceremony.

STAFFING ISSUES

- A weekend Commencement Ceremony would require having a significant number of university staff work off hours and beyond their normal work schedules. It's already a challenge to adequately staff for the setup, ceremony, and celebration/after-party.
- Additionally, a large number of staff and volunteers are hourly employees who would need to be paid overtime, thus resulting in additional expense.

IMPACT ON GRADUATING STUDENTS AND THEIR FAMILIES

- Moving the Commencement Ceremony to a weekend would impact students and families of various religious faiths who have observances, services, and gatherings on Saturdays and Sundays.
- Moving the Commencement Ceremony to a weekend would impact families with children who have sporting events and club activities that meet on Saturdays and Sundays.
- Having the Commencement Ceremony at a later date than currently scheduled could have an impact on international students who might incur additional costs to extend their stay in the country.

Information provided by Marcus Weemes

- Housing Operational Costs would increase (utilities and extra staffing due to having additional students in all buildings) creating also a shorter period of time for summer camps, conferences and summer interns that help offset the costs for students during the academic year by delaying the arrival by over a week and a half from the current ceremony. This could also add additional costs for having vendors come in to flip and prepare rooms for summer and fall.
- We are already providing all graduating students 5 nights of free housing beyond their housing contract which is at least ~\$135 per student.
- In an ideal world for operations if Graduation could be the weekend of finals that would create the least friction on our operations and actually improve our ability to serve students (preparing for transition to summer housing/interns/summer camps). This has been my first institution that has had graduation beyond Sunday of Finals Week.

Approved, 4/15/2024

TO: Fort Wayne Senate
FROM: Steven A. Hanke, Chair of the Education Policy Committee
DATE: 2/12/2024
SUBJ: Recommendation on Assigned Academic Work During Scheduled Breaks

WHEREAS the Executive Committee of the Faculty Senate tasked the Educational Policy Committee to create a proposal to address the assignment of academic coursework and exams over scheduled breaks such as Fall Break, Thanksgiving Break, and Spring Break.

WHEREAS the aforementioned scheduled breaks are placed throughout the academic year intentionally to provide students rest and a break from coursework.

BE IT RESOLVED that it is best practice and it is strongly recommended that faculty not schedule a graded exam, quiz, or other graded assignment that is only available to students and due solely over a scheduled break; and

BE IT FURTHER RESOLVED that students be made aware (via the syllabus and/or other instructional materials) of course-level assignment schedules, requirements and expectations, including the expectation that students be prepared for exams and/or assignments on the scheduled dates following a break.

Recommendation on Assigned Academic Work During Scheduled Breaks

The Educational Policy Committee considers it best practice and strongly recommends that instructors not schedule a graded exam, quiz, or other graded assignment that is only available to students and due solely over a scheduled break. While students should always be prepared for class, framing assignments in such a way that requires academic work over Fall Break, Thanksgiving Break, and Spring Break is strongly discouraged. Students should be given sufficient time to carry out assignments without being required to devote their breaks to such coursework.

The following exceptions may apply:

- Students are expected to be prepared for class sessions that meet immediately after scheduled breaks, for example, by keeping up with reading assignments during scheduled breaks as normally expected;
- Students who have been granted extensions through scheduled breaks for graded academic coursework may find it necessary to complete such coursework or prepare for such assessments over break;
- Courses with a travel/field or clinical component may expect students to conduct such academic coursework during scheduled breaks.

SUBJ: Amendments to the Bylaws of the Fort Wayne Senate

WHEREAS, the Senate Executive Committee had charged the Subcommittee Task Force to conduct a “review of the Senate’s committee structure ... and ... the Bylaws and Constitution to suggest to the Executive Committee potential amendments” (see SD 21-32); and

WHEREAS, the Subcommittee Task Force met weekly throughout the AY 2022–23, conducted one faculty survey and one Senate (sub-)committee chair survey, and solicited feedback on a first draft from administrators, managerial/professional staff, Senate (sub-)committee chairs as well as the Student Government Association, the All Professional Staff Advisory Committee, and the Clerical and Service Staff Advisory Committee; and

WHEREAS, the proposed amendments to the Bylaws are tracked and documented in the attached document;

BE IT RESOLVED, that the Executive Committee make this resolution its own and bring the proposed amendments to the Senate for a vote, and that the Fort Wayne Senate approve the revised Bylaws; and

BE IT FURTHER RESOLVED, that any elected member serving on a Senate committee or subcommittee that, when these Bylaws amendments go into effect, continues to exist (according to the attached chart) shall be able to complete their term even if that means there are temporarily more individuals serving on those bodies than the amended Bylaws would ordinarily mandate; and

BE IT FURTHER RESOLVED, that any elected member serving on a Senate subcommittee that, when these Bylaws amendments go into effect, ceases to exist in name but whose charges are continued in a new or merged subcommittee (according to the attached chart) shall be able to complete their term in the successor committee even if that means there are temporarily more individuals serving on those bodies than the amended Bylaws would ordinarily mandate.

3. Meetings of the Senate

3.1. Scheduling

3.1.1. Regular meetings of the Senate shall be held on the second Monday of each month, September through April, except that the date of a regular meeting may be moved by not more than one week in either direction by action of the Executive Committee announced at least one week in advance of the actual date of the meeting. The beginning and ending of Senate meetings shall conform to the pattern for the scheduling of classes. If the agenda for a regular meeting is not exhausted during this session, the meeting will continue for a second session, at the same time one class week thence. The Senate shall not schedule regular meetings for on average more than two such sessions per month.

3.1.2. Special meetings of the Senate shall be held upon petition by twenty percent of the Voting Faculty, by forty percent of the Senate, or by action of the Executive Committee. Meetings that are the result of petition shall be scheduled in a timely manner, but in no case shall they be scheduled for later than one week after receipt of the petition by the chairperson of the Executive Committee. Special meetings, whether the result of petition or decision of the Executive Committee, require written notice to the membership at least forty-eight hours in advance of the meeting, and only those resolutions circulated with the agenda distributed with the meeting notice may be considered.

3.2. **Agendas and minutes.** The Clerk shall distribute agendas of regular meetings and convocations one week in advance and post agendas and minutes of all Senate meetings, convocations, and assemblies on the Senate's webpage.

3.3. **Attendance.** Except as provided herein, meetings of the Senate will be open to all members of the PFW community, as observers, and to other persons invited to attend by the Executive Committee. Representatives of the press will normally be invited to be present. At any meeting, the Senate may, by a majority vote of the Senators present, exclude all observers. Once excluded, certain observers may be permitted to return, at the request of the Presiding Officer approved by a majority vote of the Senators present, or by a majority vote of the Senators present.

3.4. **Quorum.** A majority (i.e., more than half) of the Senate membership shall constitute a quorum.

3.5. **Order of business.** The order of business at each regular meeting of the Senate shall be as follows:

3.5.1. Call to order

3.5.2. Approval of the minutes of the previous meeting

3.5.3. Acceptance of the agenda

- 3.5.4. Reports of the Faculty Chairs. They shall report in order of their seniority in office.
- 3.5.5. Special business for the day. This includes memorial resolutions.
- 3.5.6. Unfinished business
- 3.5.7. Committee reports requiring action. - 3.5.9. Question time. At this time, the University administration will respond to written questions submitted in advance through the Executive Committee unless the administration gave a written response in advance of the meeting that was included as a Senate Reference to the agenda.
- 3.5.10. Committee reports “for information only.” Time permitting, a representative of the originating body of the report should give a brief summary and answer any questions from the floor.
- 3.5.11. The general good and welfare of the University
- 3.5.12. Adjournment

 - 3.6.2.2. Upon request prior to a meeting, any nonmember, Faculty or member of the administration, may be invited by the Executive Committee to participate without vote in the meeting. On its own initiative, the Executive Committee may invite any nonmember to participate in the discussion of matters of particular interest to the observer.
 - 3.6.2.3. Any such invitation shall be subject to the exercise by the Executive Committee of its responsibility for taking varied points of view into account and for the efficient management of the Senate’s time.
 - 3.6.2.4. The Clerk shall ensure that all observers are seated apart from Senators.

- 3.11.2.4. contribute to the work of the Senate by running for or serving on at least one Senate committee.

4. CONVOICATIONS

4.1. **Quorum.** At convocations of the Faculty, twenty percent of the Voting Faculty shall constitute a quorum.

B. GENERAL PROVISIONS REDARDING SENATE COMMITTEES AND SUBCOMMITTEES

1. **Scope.** In this section, provisions stated for committees shall equally apply to subcommittees unless otherwise stated.

2. **Types of Committee.** To aid in its functioning, the Senate may establish five types of committees:

- 2.1. **service committees**, which shall be standing committees charged with assisting in the routine operations of the Senate;
- 2.2. **policy committees**, which shall be standing committees charged with crafting policy and advising the Senate and the administration on substantive matters, and which may establish subcommittees to assist in their efforts;
- 2.3. **advisory committees**, which shall be standing committees charged with advising the Senate and the administration on substantive matters, and which may establish subcommittees to assist in their efforts;
- 2.4. **ad-hoc committees**, which shall be established by the Senate for special purposes; and
- 2.5. **boards**, which, while being committees populated (mostly) by Faculty and subject to review by the Senate, operate outside the usual reporting structure of the Senate.

3. Composition, Elections, and Appointments

TO: Fort Wayne Senate Executive Committee
FROM: Wylie Sirk and Deborah Baur, Co-Chairs of the Faculty Affairs Committee
DATE: March 22, 2024
SUBJECT: Two Updates to SD 14-36 for Campus P&T Committee

PFW Faculty Senate Bylaws Update for Campus P&T Committee

WHEREAS, one of the most consequential changes made by updating the Faculty Senate Constitution (SD 23-7) was altering the Presiding Officer-Speakers system to one involving three Chairs who act as a collective leadership for the Senate. The new titles are Chair, Chair-Elect, and Past Chair of the Senate. And;

WHEREAS, the current Bylaws state that the Campus Promotion & Tenure Committee membership is determined by SD 14-36 and SD 19-13. These documents state that the Campus P&T Committee shall be selected “by the Chief Administration Officer of PFW and the two Speakers of the Faculty.” And;

[Current] SD 14-36:

2.5. The Senate Promotion and Tenure Committee (a.k.a. the campus committee)

2.5.1. Establishing the campus committee

2.5.1.1. Members of this committee shall be selected to staggered, three-year terms, by the Chief Administrative Officer of PFW and the two Speakers of the Faculty.

WHEREAS, SD 14-36 section (2.5.1. Establishing the Campus Committee) does not provide language that allows the P&T Committee to replace faculty vacant seats during the academic year. SD 19-13 provides language in (section 2.6.1.3) “Vacancies shall be filled for the remainder of the term through a process similar to that which selects campus committee members.” And;

WHEREAS, since the campus P&T committee is regulated by both SD 14-36 and SD 19-13, currently, the only vacant seats that can be filled during the Academic year are Lecturer/Senior Lecturer seats. The same option should be allotted to faculty members.

BE IT RESOLVED that Senate Documents SD 14-36 section 2.5.1.1. be updated to change the wording from “two Speakers of the Faculty” to “two members of the Senate Executive Committee who must be tenured and hold the highest academic rank or else not undergo promotion in the next three years.”

[Proposed] SD 14-36:

2.5. The Senate Promotion and Tenure Committee (a.k.a. the campus committee)

2.5.1. Establishing the campus committee

2.5.1.1. Members of this committee shall be selected to staggered, three-year terms, by the Chief Administrative Officer of PFW and two members of the Senate Executive Committee who must be tenured and hold the highest academic rank or else not undergo promotion in the next three years.

BE IT FURTHER RESOLVED that SD 14–36 adopts the language of SD 19-13 for filling vacant seats during the Academic year. SD 14-36 adds (section 2.5.1.3.) “Vacancies shall be filled for the remainder of the term through a process similar to that which selects campus committee members.”

PROCEDURES FOR PROMOTION AND/OR TENURE AND THIRD YEAR REVIEW

Purdue Fort Wayne and its autonomous academic units shall establish, within the timeframes and by means of guiding principles and criteria established in other documents, procedures for the evaluation of faculty for promotion and tenure according to the following procedures. Autonomous academic units shall consist of those units subject to the powers of the Faculty detailed in Section VI of the Constitution of the Faculty; other units may, at their option, adhere to these guidelines and procedures.

The procedures for evaluating faculty for promotion and tenure ensure fair and consistent treatment of candidates. The procedures include multiple levels of review with clear expectations for each level. When considered in its entirety, the procedures create a coherent whole that includes a system of checks and balances. While there are variations between academic units, all procedures are based on these principles. If a department/program (department) or college/school/division (college) cannot comply with specific procedures in this document, they are expected to explain why they cannot and utilize a procedure that conforms as closely as possible to the procedures in this document. The explanation and amended procedure shall be included in a separate document with recommendations regarding cases for promotion and tenure.

The procedures and guiding principles for evaluating faculty for promotion and/or tenure are discussed in separate documents (see SD 14-35 & SD 18-15 for guiding principles), but the two are interrelated. The procedures for evaluating faculty members are the method for implementing the guiding principles.

Amendments to this document shall trigger reviews of college and department procedure documents. It shall be the responsibility of the Presiding Officer of the Senate, in concert with the Senate Secretary, to notify colleges and departments of any amendments to this document and the need to review their procedure documents.

The appointment letter of a faculty member to more than one academic unit shall identify that department whose tenure/promotion process shall apply to the appointee.

- 2.7. The chief administrative officer of PFW shall forward recommendations to the President of Indiana University or to the President of Purdue University.
3. Case Process: Nominations for promotion and/or tenure shall be considered at several levels.
- 3.1. The candidate must identify the criteria document that should be used to judge the case. The department criteria document used must have been in effect at some point during the six years preceding the submission of the case. Tenure-track faculty approved to use the one-year extension due to the pandemic may elect to adopt the P&T criteria that they were hired under.
 - 3.2. All cases for promotion and/or tenure shall pass sequentially through the decision levels above.
 - 3.3. No information, other than updates to items in the case, can be added to the case after the vote and recommendation from the department level. The intent is that each level will be reviewing the same case. Each decision level is responsible for determining if items submitted after a case has cleared the department committee should be included in the case or considered to be new evidence that should be excluded.
 - 3.4. Each decision level forwards only a letter of recommendation to the next level. Recommendation may not include attachments or supplemental information.
 - 3.5. The administrator or committee chair at each level shall inform the candidate in writing of the vote tally or recommendation on the nomination, with a clear and complete statement of the reasons therefor, at the time the case is sent forward to the next level. When the vote is not unanimous, a written statement stipulating the

majority opinion and the minority opinion must be included. The candidate may submit a written response to the statement to the administrator or the committee chair within 7 calendar days of the date of the recommendation and must proceed with the case. At the same time that the case is sent forward to the next level, the administrator or committee chair shall also send a copy of the recommendation and statements of reasons, and the candidate's response, if any, to administrators and committee chairs at the lower level(s). Committee chairs shall distribute copies to committee members.

- 3.6. The deliberations of committees at all levels shall be strictly confidential, and only the chair may communicate a committee's decision to the candidate and to the next level. Within the confidential discussions of the committees, each member's vote on a case shall be openly declared. No abstentions or proxies are allowed. Committee members must be present during deliberations in order to vote.

4. Individual Participation:

- 4.1. Only tenured faculty may serve as voting members of promotion and tenure committees to Associate Professor and Professor.
- 4.2. Clinical Associate Professors, Clinical Professors, Associate Professors of Practice and Professors of Practice may serve as voting members for Clinical and Professor of Practice promotion cases.

- 4.6. Voting members of committees and chief academic officers shall recuse themselves from considering cases of candidates with whom they share significant credit for research or creative endeavor or other work which is a major part of the candidate's case or if they have other conflicts of interest. REVIEW OF PROGRESS OF PROBATIONARY FACULTY TO
TENURE AND PROMOTION

It is in the best interest of PFW to see its faculty succeed. One way to judge success for probationary faculty is to evaluate progress toward tenure and promotion at the midway point.

The diversity of colleges and departments at PFW makes it difficult to develop a single procedure for reviewing progress of probationary faculty to tenure and promotion.

5. Development of Review Procedure: Departments must develop a procedure for reviewing progress of probationary faculty toward tenure and/or promotion that adheres to the following principles.
 - 5.1. The procedure must make use of annual reviews (discussing performance in the previous year) and annual reappointments (discussing progress toward promotion and tenure).
 - 5.2. Departments/programs must have a thorough formative review process that provides specific details about where improvement is needed and must be based on department criteria. The formative review must occur half way through the third year.
 - 5.3. The formative review must be voted on by the department promotion and tenure committee.
 - 5.4. The chief academic officer of the department must comment on the case and the review from the committee.
 - 5.5. The probationary faculty member must have opportunities to respond during the review.
 - 5.6. If, at any point during the probationary period, a chief academic officer at any level is not recommending the reappointment of a probationary faculty, the input and vote of the promotion and tenure committee at the same level must be sought.

Department procedures for reviewing progress shall be established according to a procedure adopted by the faculty of the department and approved by the faculty of the college. The Senate Faculty Affairs Committee shall be consulted about any newly established review procedures and any changes to a review procedure. The Senate shall have the right of review of this procedure. The department committee shall follow procedures established by the faculty of the college or, in the absence of such procedures, by the Senate.

6. Senate Procedure to be used in the absence of a department or college procedure:
 - 6.1. The required review of the progress of probationary faculty to tenure and/or promotion must make use of annual reviews (discussing performance in the previous year) and annual reappointments (discussing progress toward promotion and tenure).
 - 6.2. This review must be formative and be based on department criteria.
 - 6.3. This review must occur halfway through the third year.
 - 6.4. This review must move forward with the reappointment documentation for that year.
 - 6.5. This review must occur at the first two levels (department promotion and tenure committee and chief academic officer of the department referred to in 2.1 and 2.2 above) and result in a written recommendation from both levels.
 - 6.6. This review must be voted on by the department promotion and tenure committee.
 - 6.7. The chief academic officer of the department must comment on the case and the review from the committee.
 - 6.8. The probationary faculty member must have opportunities to respond during the reviews.
 - 6.9. If, at any point during the probationary period, a chief academic officer at any level is not recommending the reappointment of a probationary faculty, the input and vote of the promotion and tenure committee at the same level must be sought.

MEMORANDUM

TO: Fort Wayne Senate

FROM: Talia Bugel, Chair
Faculty Affairs Committee

DATE: November 8, 2019

SUBJ: Procedures of promotion for Lecturers at PFW

WHEREAS, the Fort Wayne Senate approved guiding principles and procedures for tenure-track faculty at IPFW in the spring of 2015; and

WHEREAS, the Fort Wayne Senate determined that it was prudent to draft separate guiding principles and procedure documents for promotion of Lecturers;

BE IT RESOLVED, that the Fort Wayne Senate adopt SD 19-13 as the procedures for promotion of Lecturers at PFW.

PROCEDURES FOR PROMOTION OF LECTURERS

(Based on SD 14-36)

Purdue Fort Wayne and its autonomous academic units shall establish, within the timeframes and by means of guiding principles and criteria established in other documents, procedures for the evaluation of Lecturers for promotion according to the following procedures. Autonomous academic units shall consist of those units subject to the powers of the Faculty detailed in Section VI of the Constitution of the Faculty; other units may, at their option, adhere to these guidelines and procedures.

The procedures for evaluating Lecturers for promotion ensure fair and consistent treatment of candidates. The procedures include multiple levels of review with clear expectations for each level. When considered in its entirety, the procedures create a coherent whole that includes a system of checks and balances. While there are variations between academic units, all procedures are based on these principles. If a department/program (department) or college/school/division (college) cannot comply with specific procedures in this document, they are expected to explain why they cannot and utilize a procedure that conforms as closely as possible to the procedures in this document. The explanation and amended procedure shall be included in a separate document with recommendations regarding cases for promotion.

The procedures and guiding principles for evaluating Lecturers for promotion are discussed in separate documents (see SD 19-9 for guiding principles for Lecturers), but the two are interrelated. The procedures for evaluating Lecturers are the method for implementing the guiding principles.

Amendments to this document shall trigger reviews of college and department procedure documents. It shall be the responsibility of the Presiding Officer of the Senate, in concert with the Senate Secretary, to notify colleges and departments of any amendments to this document and the need to review their procedure documents.

The appointment letter of a Lecturer to more than one academic unit shall identify that department whose promotion process shall apply to the appointee.

BE IT RESOLVED that PFW Academic Regulations 9.4 Academic notice, separation and readmission be updated with the changes noted on the following pages.

Proposed Changes to PFW Academic Regulations 9.4 (9.0 Academic Standing)

- **9.4:** Academic notice, separation, and readmission. The following Academic notice, separation, and readmission criteria are minimums for PFW; academic units may set higher standards which shall become effective upon publication in the Catalog or its supplement.
- **9.4.1:** Academic Notice. A student shall be placed on academic notice if their fall or spring semester or cumulative GPA at the end of any fall or spring semester is less than a 2.0. A student on academic probation-notice shall be removed from that standing at the end of the first subsequent fall or spring semester in which they achieve semester and cumulative GPA's equal to or greater than 2.0.
 1. IF: Semester GPA or Cumulative GPA is <2.0= ACADEMIC PROBATIONNOTICE
 2. IF: On academic probation-notice and Cumulative GPA is <2.0 but Semester GPA is ≥ 2.0 = CONTINUED PROBATIONNOTICE
 3. IF: On academic probation-notice and Semester GPA is <2.0 but Cumulative GPA is ≥ 2.0 = CONTINUED PROBATIONNOTICE
 4. Any grade change due to a reporting error will result in a recalculation of the GPA and determination of probation-notice standing.
 5. Academic standing will not be assessed in summer sessions.
- **9.4.2:** Academic SuspensionSeparation. A student on academic notice shall be placed on the suspension-separation list at the close of any fall or spring semester in which their semester and cumulative GPA is less than a 2.0. Each case will be reviewed, by Academic Advisors, Chairs, and Deans. The review will be carried out using shared criteria. If the criteria show reason why a student should be removed from the suspension list, the Chair/Dean will notify the Registrar's office of that decision. Otherwise,
 - IF: On academic probation-notice and both the Semester GPA and Cumulative GPA are <2.0=ACADEMIC SUSPENSIONSEPARATION
 - Any grade change will result in a recalculation of the index and redetermination of the suspension-separation status.
 - A student who wishes to appeal an academic suspension-separation standing should follow the directions provided by the Registrar's office in the Notice of SuspensionSeparation.

- **9.4.3:** Readmission. A student who has been ~~suspended-separated~~ from PFW or from another campus of Purdue University may not enroll at PFW until one fall or spring semester has passed. All readmissions are into ~~probationary-notice~~ status and are subject to stipulations in effect as a condition of readmission. Readmissions shall be reported to the Registrar, and an appropriate entry shall be made on the student's academic record. A student who is academically ~~suspended-separated~~ more than once is not eligible to enroll for at least one year.
 - A student ~~suspended-separated~~ by this policy must apply to PFW for readmission. A fee is assessed for processing the readmission application. Readmission is not guaranteed.
 - When a student is ~~suspended-separated~~ from a program with academic standards higher than the university standards, they may be eligible to continue in another program and are encouraged to seek guidance from their Academic Advisor.

Section 10.0: Degrees

<https://catalog.pfw.edu/content.php?catoid=62&navoid=3410#degrees>

Degrees

10.0: Degrees. Academic units may impose stricter requirements than those listed in this section but may not waive the following minimum standards. Provided these minimum standards are satisfied, adjustments to any degree requirement may be made by the unit establishing that requirement.

10.1: Degrees offered. For completion of undergraduate plans of study of at least 60 credits, associate degrees may be conferred. For completion of undergraduate plans of study of at least 120 credits, bachelor's degrees may be conferred.

10.2: Requirements for degrees. Any student entering a degree, certificate, or pre-major program will be required to fulfill the requirements in the catalog current at the time of entry or re-entry to the university.

The primary reasons for a student to be required to meet the requirements of a subsequent catalog include:

- Re-entry to Purdue University Fort Wayne (PFW) (after a one year period of non-enrollment)
- By request with the written acknowledgment of the academic advisor
- When required by accreditation, a department may require students to complete the curriculum defined by the most current catalog.

Any student who remains continuously enrolled or admitted to the university will be required to meet the requirements of the term of entry or re-entry to the university unless the student chooses to change to a subsequent with the written acknowledgment of the academic advisor.

Any student who is not continuously enrolled due to a period of deployment to serve in a branch of the armed services may meet the requirements of the catalog of the most recent entry or re-entry to the university.

In addition:

Any new requirement for a degree, certificate, or pre-major program may not be applied to currently enrolled students in these programs if it would increase the number of semester hours or the number of semesters required for completion of the program.

The school/division/department committee in charge of curriculum matters may refuse to accept as credit toward graduation any course which was completed 10 or more years previously. Former students shall be notified of all such decisions upon reentering or when the credit is determined to be unacceptable.

To gain any associate or bachelor's degree at Purdue University Fort Wayne (PFW), the student shall satisfy the following requirements:

10.2.1: The completion by resident credit or transfer credit (see Section 1.2) of the plan of study underlying the degree, including:

10.2.1.1: For an associate degree, the registration in and completion of at least 32 credits of resident course credit, including at least 15 credits in courses applicable to the major.

10.2.1.2: For a bachelor's degree, the registration in and completion of at least 32 credits of resident course credit at the 200 level or above, including at least 15 credits at the 300 level or above in courses applicable to the major.

10.2.2: Normally, completion of the entire final year in residence. However, with the approval of the student's school/division, a student who has satisfied the resident course credit requirement may complete the remaining requirements in another approved college or university.

10.2.3: Establishment of a cumulative GPA of 2.00 or better.

10.2.4: Registration, either in residence or in absentia, as a candidate for the desired degree during the academic session immediately preceding its conferral.

10.3: Double majors and double degrees. A student who will be completing the requirements for two or more degree programs simultaneously may be eligible to be registered as a candidate for more than one degree according to the following criteria:

10.3.1: Double major. If the degree programs are in the same school and lead to the same degree, only one degree shall be awarded. The academic record shall reflect multiple fields of study, as appropriate.

10.3.2: Double degree. If the degree programs are in different schools, two (or more) degrees may be awarded upon special request approved by the deans of the schools concerned and filed with the registrar at the beginning of the semester or session in which the degrees are to be awarded. If the degree programs are in the same school and lead to different degrees, the appropriate degrees shall be awarded.

10.4: Graduation with distinction. A candidate for the bachelor's degree with distinction must have a minimum of 65 resident credits included in the computation of the cumulative GPA. A candidate for an associate degree with distinction must have a minimum of 35 resident credits included in the computation of the cumulative GPA. The required GPA, calculated each spring as outlined below, shall also apply to degrees for the following summer sessions and fall semester.

10.4.1: In each college, school or division, the minimum cumulative GPA for graduation with distinction from an associate or bachelor's- degree program shall be 3.80-3.94.

10.4.2: In each college, school or division, the minimum cumulative GPA for graduation with highest distinction from an associate or bachelor's degree program shall be 3.95-4.00.

10.4.3: In each school or division, the requirements for graduation with distinction or with highest distinction from an associate-degree program shall be separately calculated as outlined above for bachelor's-degree programs.

10.5: Conferring of degrees. Degrees may be granted as of the close of each academic session. The names of the degree nominees will be presented by the Registrar to the appropriate board of trustees for approval.

Proposed Revision:

10.2.1.1: For an associate degree, the registration in and completion of at least 32 credits of resident ~~course~~ credit (see Section 1.2), including at least 15 credits ~~of resident credit~~ in courses applicable to the major ~~as defined by each department in the catalog~~.

10.2.1.2: For a bachelor's degree, the registration in and completion of at least 32 credits of resident ~~course~~ credit (see Section 1.2) at the 200 level or above, including at least 15 credits ~~of resident credit~~ at the 300 level or above in courses applicable to the major ~~as defined by each department in the catalog~~.

10.2.2: Normally, ~~completion of the entire final year in residence~~ final 30 credits must be completed with resident credit (see Section 1.2). However, ~~with the approval of the student's school/division, with the prior approval of their major department and their school/division/college~~, a student who has satisfied the resident ~~course~~ credit requirement may complete the remaining requirements in another approved college or university.

Information for committee drafting process (reference from Purdue Northwest residency requirement)

- Documents that a model like the proposed revision already exists within the Purdue system.

Purdue Northwest Residency Requirements

3. **Residency Rule.** Resident study at Purdue University Northwest for at least two semesters and the enrollment in and completion of at least 32 credit hours required and approved for the completion of the degree on Purdue University Northwest campuses. These courses are expected to be at least junior-level courses. Students must earn a minimum of 50 percent of coursework in their major concentration area in resident study with resident credit as defined above. A college/school/department/program may require more than 50 percent of resident credit to fulfill a major concentration for a given program. Students normally are expected to complete the senior year in residence; however, with the approval of the dean of the college concerned, a student who has had four semesters of resident study may complete the last year or a portion of it at another college or university, provided that the number of semester hours of credit to be taken does not exceed 25 percent of the total hours required for the degree. The foregoing stipulations do not apply to students who earn credit elsewhere through a contract or arrangement entered into by the University or one of its academic units.

English Language Pathway to PFW

Purdue Fort Wayne English Language Courses for International Students (Undergraduate level)

Proposal by Mary Encabo Bischoff and Shannon Bischoff ([TENL Program](#) Faculty)

The purpose of this proposal is to assist prospective international undergraduate students and those who need to demonstrate English language proficiency in meeting their PFW admissions requirement. This proposal also affects local immigrant and refugee community members who wish to pursue higher education but may not yet have a high level of English language proficiency to succeed in college.

Background

At present, in order for international students to be admitted to PFW, they need to meet one of the following options for English language proficiency:

Undergraduate	Graduate
TOEFL: 79 TOEFL Essentials: 8 IELTS: 6.5 SAT Reading Test: 25 ACT: 20 ELS: Level 112 O, AS, A Level First Language English (C or above) IB SL or HL English: 5 PTE Academic: 58 Duolingo English Test: 110	TOEFL: 80 overall TOEFL Essentials: 8 overall Duolingo English Test: 115 overall IELTS: 6.5 overall <i>All of the tests above must also demonstrate a certain cut off for each of the portions of the test.</i> ELS: Level 112
In addition, a "College-level English from an accredited US institution with a grade of C or better" will also meet the requirement.	

Students, especially those who come from low and middle-income countries or have had their formal education disrupted, experience the following barriers when striving to meet the above requirements:

- Test preparation – access, time, and money to enroll in a test prep course or tutor

- Test taking – access, time, and money to take the test potentially multiple times (\$200+ per test)

In order to address these barriers and to allow greater access to higher education without compromising quality, the TENL faculty proposes to develop and deliver the following more cost-effective courses that will be equivalent to the “College-level English from an accredited US institution with a grade of C or better” for undergraduate students interested in matriculating to PFW.

Courses

There are plenty of English/ESL/ELL classes offered in the community either at a low fee or for free. However, the majority of these courses prepare students for English for their daily living or workplace. Very few have classes that are dedicated to English for college and academic purposes. There are courses for GED and HSE, but those do not necessarily focus on giving students the language of the academy. This makes our proposed courses different.

Given this initial threshold, our courses are designed for students who are already at a minimum of a [B1 CEFR level](#) (intermediate), where they...

“Can understand the main points of clear standard input on familiar matters regularly encountered in work, school, leisure, etc. Can deal with most situations likely to arise whilst travelling in an area where the language is spoken. Can produce simple connected text on topics which are familiar or of personal interest. Can describe experiences and events, dreams, hopes & ambitions and briefly give reasons and explanations for opinions and plans.”

Students who are most suited for our courses have a general knowledge of spoken English but need to develop more sophisticated forms of expression and literacy skills to thrive in a college classroom. For students to be admitted to PFW, they need to be at a C1 CEFR level (advanced). Our goal is that by the end of each course, they will demonstrate competencies near or at a C1 level:

“Can understand a wide range of demanding, longer texts, and recognise implicit meaning. Can express him/herself fluently and spontaneously without much obvious searching for expressions. Can use language flexibly and effectively for social, academic and professional purposes. Can produce clear, well-structured, detailed text on complex subjects, showing controlled use of organisational patterns, connectors and cohesive devices.”

In addition, because we want to offer these courses globally to attract more international students to PFW, these courses will be held virtually with synchronous class meetings. We have experience in this area as we have conducted the English Language Partners (ELP) program since 2020 and have seen the positive impact of weekly synchronous class meetings of international students with our own PFW students.

Entering Proficiency Level	Course name	Semester	Synchronous meeting	Asynchronous tasks
B1	LING #* English for American Universities I	Fall, 8-week Spring, 8-week	MWF, 1-hour per day	TR
B2	LING # English for American Universities II	Fall, 8-week Spring, 8-week	MWF	TR
B2	LING # Special topics course – focus on 1 or 2 key topics (e.g. Research writing, Presentation skills) - <i>This course is intended for those who want to do research and develop more advanced skills.</i>	Summer session 1 or 2, 6-week	MWF	TR

**The specific course number will be generated.*

The time for the synchronous class meetings will either be 8-9/9-10 AM or 7-8/8-9 PM, which is the time frame for most of our existing ELP classes that cater to individuals currently residing in the Asia-Pacific region. Morning class times are also accessible for students residing in Africa, South America, and the Middle East.

Target learning outcomes for each course will come from the descriptors from CEFR, TOEFL, and IELTS.

Scenario: Student A enrolls in the fall or spring semester.

First 8 weeks	Second 8 weeks
LING # English for American Universities I	LING # English for American Universities II
Earns a C- or D+	Takes the second course and gets a C --> admitted to PFW

Scenario: Student B enrolls in the fall or spring semester.

First 8 weeks	Second 8 weeks
LING # English for American Universities I	LING # English for American Universities II
Earns a C --> admitted to PFW	Does not need to take this second course

Class size per course: 40 students maximum

Assessment

Students will be graded on their speaking, reading, listening, and writing as in any language course. Students will also receive a letter grade at the end of the semester (C = 73-76%)

Domain	Summative assessment: Evidence of learning
Speaking	1 10-minute presentation
Reading	Comprehension test of an academic article
Listening	2 Short listening tasks
Writing	1 analytical or argumentative essay (4-5 pages)

If this proposal is approved, then the student's grade from the course will be used in lieu of an English language proficiency test; thus, making them eligible for undergraduate admissions to PFW if they meet all other undergraduate admissions requirements.

Fees

During this pilot phase (fall 2024-2026), we would be hosting the courses under the Division of Continuing Studies. Each course would cost minimally \$100, which while it is still expensive for some countries, is much more valuable especially if they pass the course with a C or higher. For comparison, [an ELS class for 8 weeks](#) costs anywhere from \$3,280 (15 lessons) to \$4,400 (30 lessons), depending on the number of lessons that students want. Our proposal is 24 lessons/course. We will reevaluate the fee structure after 2 years.

- The other option would be to create a sliding scale for fees to reflect the disparity in country incomes per the [World Bank](#):
 - High-income and upper middle-income countries: = \$500
 - Lower middle-income countries and low-income countries = \$100

Instructors

- TENL faculty, graduate teaching assistant, and/or an LTL with TENL certification or equivalent
 - Many of our PFW intro-level Gen Ed courses are taught by LTLs and graduate teaching assistants, so it would not be unusual to have them teach these courses as well.

The bottom line is that we want prospective international undergraduate students to not only meet the admissions criteria, but to also receive quality college preparation as they get ready to matriculate to PFW.

Question Time

There has been considerable discussion in official and unofficial meetings on campus of a significant, critical, and unexpected shortfall in the university's budget. The shortfall has triggered the suspension of academic searches, disrupted the strategic procedural decisions on position requests of at least one college, and the closing of a minor program out-of-line with university procedures. The issue is that numerous narratives have emerged about the scale of the shortfall (from \$1 million to \$10 million) as well as the cause of the shortfall (pressing facilities maintenance costs, expenses beyond budget for Athletics). Given that the shortfall has wrongly negatively influenced the academic mission of the university and narratives have spread that are full of inaccuracies, can the administration:

- Detail the shortfall relative to budget expectations discussed in the November 2023 Fort Wayne Senate meeting.
 - What is the size of the shortfall?
 - What are the specific causes of the unexpected shortfall?
 - Why were these unexpected?
- How have Athletics spending and unexpected building repairs contributed to this shortfall, and what were the respective dollar amounts involved?
- What dollar amount will Academic Affairs have to cover, and what is this amount reflected as an overall percentage of Academic Affairs' budget?
- In particular, the year-end cash balances, reserve balances, and CFI were indicated to be healthy in the Fall 2023 report to the Senate (see PowerPoint slide). Why are reserves not a source of covering the shortfall rather than dipping into the already too small \$200,000 of new funding toward Academic Affairs for new positions, when the university had promised to begin addressing the backfilling of academic positions that we have not rehired in recent years?

The primary mission of this comprehensive regional university is to provide a comprehensive education to this region's students and others that we can draw. We are diminishing our comprehensiveness without a sufficient understanding of the financial reasons for doing so.

Question Time

According to a [report from WANE-15](#), PFW sues more students in small claims court than any other public university in the state; PFW charges as much as 33% interest on defaulted loans (according to the WANE-15 report); the majority of students sued by PFW are low income. By way of comparison, in 2023, PFW filed 340 lawsuits in small claims court and PWL filed one.

Aside from the glaring ethical issues, PFW's debt collection practices are antithetical to who the institution claims to be. This appears to violate institutional DEI policies as it marginalizes a financially disadvantaged group.

- 1.** How is the institution being diverse, inclusive, and equitable when it targets low income students in small claims court?
- 2.** Could the Administration please explain PFW's debt collection practices and corresponding data to provide clarity on this important issue?
- 3.** Higher education is already under scrutiny. How does suing low income students in Northeast Indiana combat shrinking enrollment?
- 4.** How many of the students sued completed a degree program and how many did not? How many sued students retained legal representation? How many sued students received a default judgment in favor of PFW? How many sued students, after being ruled against, had wages garnished? How many sued students transferred to another school? How many sued students dropped out of higher education? What are average judgment amounts?

Question Time

Given recent issues involving the Free Application for Federal Student Aid (FAFSA), can PFW administration explain what concrete steps or measures it has put into place so that students enrolled for fall semester will have full and timely access to any and all aid packages for which those students are eligible? Beyond extending student commitment deadlines to 30 June, what additional flexibility will the university have in place for fall so that students do not experience compounded financial hardship due to delays, glitches, and confusion that clearly went or will go beyond their control?

MEMORANDUM

TO Jane Leatherman, Chair
Nominations and Elections Committee

FROM: Jay Johns, Chair
Senate Executive Committee

DATE: 03/26/2024

SUBJ: Charge to Ask for Self-Removal from Committee

The Executive Committee was informed that one faculty member, whose name you know, currently serves on five (5) Senate committees or subcommittees, which is a clear violation of article 5.1.2 of the Senate Bylaws.

While there are no provisions in the Bylaws or even *Robert's Rules of Order*, to remedy such a situation, our Parliamentarian, Craig Ortsey, gave it some thought and concluded that it would be best if that member of the Faculty would be asked by the Nominations and Elections Committee to resign from the Campus P&T Committee so that they are no longer in violation of the relevant Bylaws provision.

The Executive Committee concurs with our Parliamentarian's judgment and wishes to charge the Nominations and Elections Committee to work with the faculty member and have them choose which committee to step down from by 4/03/24. If the Faculty member fails to state which committee they will resign from, it will default to the P&T Committee.

Please, do not hesitate to get the Executive Committee involved in case of questions or problems.

Re: Proposal for a new minor - Forensic Investigations

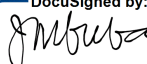

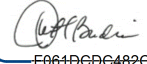

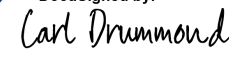

Brief description of the program:

This minor will be hosted in the Department of Criminal Justice and Public Administration. Students declaring the minor will be required to take a minimum of 18 credit hours or 6 courses with a 2.00 grade point average. The program requires four (4) courses and two (2) elective courses. No more than 3 resident credits will be below the 20000+ level. Students taking this minor will gain skills and understand the techniques used in criminal investigations. They will learn how to analyze crime scenes, collect and preserve evidence, and apply scientific methods to solve complex criminal cases. Legal and ethical considerations in forensic work will also be covered.

Brief rationale for program request:

Students have consistently inquired about forensic studies programs. At the same time, the United States Bureau of Labor Statistics projects a “much faster than average” growth rate for jobs whose roles include collecting, identifying, and analyzing physical evidence related to criminal investigations, with a projected national growth rate of 13% from 2022-2032. In Indiana, this growth rate is even higher at 16%. Moreover, the Bureau projects an “average” growth rate for jobs under “Detectives and Criminal Investigators” with a projected nationwide annual growth rate of 2% from 2022 to 2032. In Indiana, a slightly higher growth rate of 4% is anticipated for the same period. This minor can be administered with no additional resources beyond what is currently available in the department and collaborating academic units.

PFW
Request for a New UG Minor

Proposed Title of Minor:
Forensic Investigations

College/School and Department Offering the Minor:
College of Liberal Arts, Department of Criminal Justice and Public Administration

Projected Date of Implementation: Fall 2024

I. Brief Description of Minor: *This may be published in the Catalog. A brief explanation of what the student will experience and/or learn; no more than 2-3 sentences.*

Students taking this minor will gain skills and understand the techniques used in criminal investigations. They will learn how to analyze crime scenes, collect and preserve evidence, and apply scientific methods to solve complex criminal cases. Legal and ethical considerations in forensic work will also be covered.

II. Why is this minor needed? *Rationale, including market research and/or survey results.*

Rationale: Over the recent years, the Department of Criminal Justice and Public Administration has undergone significant programmatic changes, transitioning from offering a Bachelor of Science in Public Affairs to gaining approval for the current Bachelor of Science in Criminal Justice by the Indiana Commission for Higher Education in 2020, followed by its official launch in 2021. The introduction of the BSCJ significantly enhanced the prominence of the criminal justice program on our campus. Consequently, prospective students consistently inquire about forensic studies programs during the annual New Students Orientations. Additionally, students majoring in Biology, Chemistry, and Anthropology have occasionally expressed similar interests. These inquiries affirm the demand for a minor in forensic investigations and justify why this proposal should be approved.

Evidence of Labor Market Need: The United States Bureau of Labor Statistics projects a “much faster than average” growth rate for job positions whose roles include collecting, identifying, and analyzing physical evidence related to criminal investigations. Specifically, within the category of “Forensic Science Technicians” which encompasses roles such as crime lab analysts, crime scene analysts, crime scene technicians, criminalists, crime scene investigators, evidence technicians, forensic science examiner, forensic scientists, and forensic specialists, among others, the projected national growth rate from 2022-2032 is 13%. Within the state of Indiana, this growth rate is even higher at 16%. In terms of remunerations for these positions, the reported current wages are \$30.64 per hour and \$63,740 annually.¹ This bright outlook for the job market in forensic studies provides further justification why this proposal should be approved.

¹ <https://www.onetonline.org/link/summary/19-4092.00>

Additionally, the United States Bureau of Labor Statistics, as reported by the Occupational Information Network (onetonline.org), projects an “average” growth rate for the category of jobs under “Detectives and Criminal Investigators.” This category includes crime scene investigators, criminal investigators, detectives, fugitive detectives and investigators, narcotics detectives, narcotics investigators, police detectives, and special agents, among others. The projected annual growth rate for this job category nationwide from 2022 to 2032 is 2%. In the state of Indiana, a slightly higher growth rate of 4% is anticipated for the same period. The reported wages for these positions are currently \$41.48 hourly, \$86,280 annually.²

Moreover, a recent online job search for *forensic investigation* positions posted 30 days prior to November 15, 2023, by ZipRecruiter – an employment marketplace for both job seekers and employers – revealed the availability of 36 jobs within a 100-mile radius of Fort Wayne, 6 within 50 miles, 4 within 25 miles, and 2 within 10 miles. For *criminal investigations* jobs during the same timeframe, there were 46 job postings within 100 miles of Fort Wayne, 27 within 50 miles, 23 within 25 miles, and 14 within 10 miles. Job opportunities span various agencies, ranging from the Juvenile Probation office to the IRS. Although some agencies may impose additional qualification requirements, such as specific years of experience, the demand for the skill set that the proposed minor aims to provide is clear and well demonstrated.³

III. Prospective Curriculum: *Please create a plan of study for the degree. If new courses are being created, all course proposals must be completed in order to add to this block.*

Only one of the required courses, Forensic Linguistics, needs to be developed. This course will be at the 2000 level. The proposed syllabus is attached here.

IV. Credits required:

The proposed minor requires a minimum of 18 credits or 6 courses.

V. List all specific **program completion** requirements, including courses, minimum course GPA, minimum overall GPA, number of credits completed in residence, maximum time allowed from the completion of the first course, how many courses can be applied to another certificate or program of study, etc.

This minor should be declared within the Department of Criminal Justice and Public Administration. The minor requires a minimum of 18 credit hours or 6 courses with a 2.00 grade point average. The 6 courses include 4 required courses and 2 electives. At least 9 credits must be earned as resident credits at the 2000+ level or above.

Required courses:

- CRIM 10100 – The American Criminal Justice System
- CRIM 22200 – Introduction to Criminalistics
- CRIM 34800 – Criminal Investigation
- PSY 33200 – Forensic Psychology or LING 2xx – Forensic Linguistics

² <https://www.onetonline.org/link/summary/33-3021.00>

³ <https://www.ziprecruiter.com>

CRIM 10100 (The American Criminal Justice System) is a prerequisite to all CRIM courses and requires a grade of C– or better. This course can also be completed as part of the General Education requirements (B.5) or the College of Liberal Arts Thematic Area C.

Elective Courses:

- AD 20201 – Introduction to Photography
- HSRV 10500 – Basic Interviewing Skills
- HSRV 35000 – Drugs and Society
- ANTH 42600 – Human Osteology
- SOCI 20100 – Sociology of Serial Killing
- CRIM 20100 – Causes of Crime (only for non-criminal justice majors)

VI. Describe student population to be served and summarize the benefits to them, including focus and/or career relevance.

The Forensic Investigations minor will be available to students who are enrolled in baccalaureate programs including the Bachelor of Science in Criminal Justice. The minor will equip students with practical skills in crime scene analysis, evidence collection, investigative techniques, and a hands-on understanding of criminal procedures. It will provide valuable specialization to enhance their competitiveness in job markets where expertise in forensic investigations is needed. The minor will also enhance the career opportunities for liberal arts and other majors. Upon the successful completion of this program, students will benefit from the following program learning outcomes:

1. Develop the necessary skills in crime scene management including evidence collection and preservation as well as documentation of findings.
2. Demonstrate the ability to interpret forensic evidence to support decision-making in the management of criminal cases.
3. Apply forensic techniques in criminal investigations including surveillance, interviews, and interrogations.
4. Differentiate the principles of criminal profiling and behavioral analysis, including the development of offender profiles.
5. Understand the importance of maintaining the integrity of evidence and ensuring that evidence is admissible in court.
6. Evaluate the strengths and limitations of different types of evidence and techniques used in forensic investigations.
7. Apply critical thinking and investigative skills to solve complex crime-related issues.

VII. How does this minor complement the institution, college, or departmental missions?

The introduction of the Forensic Investigations minor aligns with Purdue Fort Wayne’s mission to “educate and engage our students and communities with purpose” and supports the College of Liberal Art’s education agenda that emphasizes a broad education for students in an ever-changing world. This minor expands academic offerings in the Department of Criminal Justice and Public Administration, offering students a new set of skills in line with the institution and college’s missions.

VIII. Describe any relationship to existing programs within the university.

Programs that exist at PFW with courses that are relevant to the proposed minor include Criminal Justice, Psychology, Arts and Design, Human Services, Anthropology, Sociology, and International Language and Culture Studies. Thus, the proposed minor incorporates courses from these programs.

- IX. List and indicate the resources required to implement the proposed minor. Indicate sources (e.g., reallocations or any new resources such as personnel, library holdings, equipment, etc.). *

The proposed minor will be offered by the Department of Criminal Justice and Public Administration, part of the College of Liberal Arts. The department currently consists of three tenured/tenure-track faculty members, one clinical faculty member, and an administrative assistant. Additionally, there is an academic advisor shared equally with the Department of Communication Sciences and Disorders. The department also benefits from the assistance of three regular limited term lecturers. Furthermore, the department has a strong and supportive Community Advisory Board comprised of criminal justice professionals in the region. The proposed minor can be administered with the resources currently available in the department. For the elective courses, consultations with the relevant departments offering them have confirmed that the electives are offered regularly enough to fulfill the requirements of the minor.

Re: Forensic Investigations minor

Describe availability of library resources to support proposed new program:

Helmke Library currently subscribes to a number of criminal justice databases, such as The Criminology Collection and Criminal Justice Database, which should provide a base for this minor program, as well as cross-disciplinary databases that would also provide classroom and research support (16 databases in total). In addition, Helmke has access to 29 current forensic science journal titles and a current count of 139 monograph/edited collection titles dating from 2018. This collection of resources is commensurate with other criminal justice programs with forensic science programs/minors in Indiana and across the Midwest. As with other programs, Document Delivery Services can provide materials not located within Helmke's physical and digital collections.

Comments:

I feel that Helmke Library is adequately-equipped to provide materials support for this new minor. However, there is a larger question of librarian research/reference support. As the liaison for all of COLA and with my government documents coordinator duties and various outreach duties, I am stretched quite thin at the current time. Additionally, we currently only have four other reference & instruction librarians supporting university academic programs, one of whom is doing double/triple duty as library director, director for library academic services and liaison to Education and Health Sciences. Even with the opportunity to hire an additional reference & instruction librarian for COS support in July of 2024, that still leaves us short one reference & instruction librarian from the optimal number of library faculty to ensure best services practices to academic programs. Currently, Helmke Library faculty are able to provide research and reference support - and this additional minor will be fully supported. However, continued growth in the number of academic programs will become an issue without analogous growth in Helmke Library faculty.
