

Sigma Xi: The Scientific Research Society

presents

Carl Drummond,

Dean of the IPFW College of Arts and Sciences, Professor of Geosciences

The Greenhouse Effect and Global Warming, What is it? How does it occur?

Tuesday, Nov. 30, 2010, 6:30-7:30 p.m

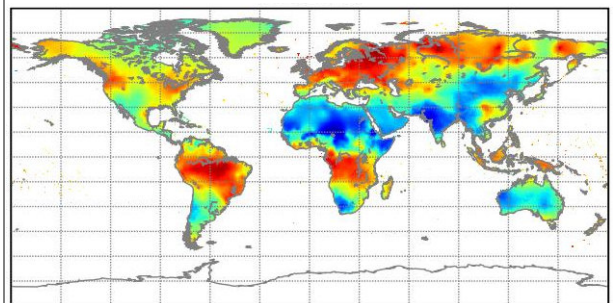

[Firefly Coffee House](#), 3523 North Anthony Blvd.

This topic will be presented in a

Science Café

format, as part of a series of events bringing science to the public in an informal setting.

Professor Drummond will give a brief presentation on the science of climate change. The rest of the hour will be for questions and discussion.

The presentation is free and the public is specifically invited - no science background is assumed or required.
