

## Hazardous Materials Management Emergency Contingency Plan Training Certification

The purpose of this Plan is to minimize hazards to Purdue University Fort Wayne (PFW) students, faculty, and staff, as well as the general public and the environment from fires, explosions, or other unplanned sudden releases of hazardous materials or hazardous material waste constituents to air, soil, or water.

By signing below you acknowledge that you have received the training and information as well as policies and procedures applicable to your roll in implementing the PFW Hazardous Materials Emergency-Contingency Plan. This training contained at least the following elements:

- General Operating Procedures in an emergency
- Emergency Response Agency contact information
- Emergency Coordinator contact information
- Hazardous Materials storage facilities information
- Spill Prevention and Control Procedures, materials and locations
- Regulatory reporting requirements
- Campus map
