

RESPIRATORY PROTECTION PROGRAM TRAINING CERTIFICATION

In compliance with OSHA 29 CFR 1910.134 regulations, the Respiratory Protection Program Training covers the following:

- OSHA Respiratory Protection Standard;
- Determining when respirators are necessary;
- Types of respirators;
- Fit testing requirements;
- Proper donning of respirator;

After reviewing the Respiratory Protection Training PowerPoint provided by PFW EHS, please complete and return a copy of this form to your supervisor or Designated Trained Individual (DTI).

By signing below you acknowledge that you are aware of the potential hazards associated with not using proper respirator protection as well as the policies and procedures applicable to the OSHA 29 CFR 1910.134 regulation.

_____ Employee name (please print)	_____ Training date
_____ Employee signature	_____ Department
_____ Supervisor's Name	_____ Training given by

Supervisors/DTIs:
