

STORMWATER POLLUTION PREVENTION TRAINING CERTIFICATION

In compliance with Indiana's Municipal Separate Storm Sewer System (MS4) Rule 13 under 327 IAC 15-13, PFW's Stormwater Pollution Prevention Training is designed to provide general awareness about stormwater pollution. It was created to help employees understand how they can help prevent contaminated stormwater from entering our natural water systems. This training covers the following:

- Information describing stormwater pollution issues;
- The importance of keeping our stormwater clean
- Goals of PFW's Stormwater Pollution Prevention Plan (SWPPP)
- Best Management Practices (BMPs)
- The individual's role in implementing BMPs
- The importance of structural BMPs

After reviewing the training PowerPoint provided by PFW EHS on "Stormwater Pollution Prevention," please complete and return a copy of this form to your supervisor or Designated Trained Individual (DTI).

By signing below you acknowledge that you are aware of the best management practices associated with PFW's Stormwater Pollution Prevention Plan, as well as the policies and procedures applicable to the 327 IAC 15-13 Rule.

_____ Employee name (please print)	_____ Training date
_____ Employee signature	_____ Department
_____ Supervisor's Name	_____ Training given by

Supervisors/DTIs:

Please keep a copy of this certification page and distribute completed forms to:
Environmental Health & Safety (SB, room SB G48)
