DIVISION OF ENROLLMENT MANAGEMENT
AND THE STUDENT EXPERIENCE

A NOTE FROM THE VICE CHANCELLOR FOR ENROLLMENT MANAGEMENT AND THE STUDENT EXPERIENCE

Hello, fellow Mastodon. If you are new to Purdue University Fort Wayne, welcome to the family. If you are returning to campus, so glad to have you back. It has been a lonely summer without you, but we have been working hard to prepare for the fall semester.

I know you are balancing a lot while you are here—classes, work, family commitments, etc., but I strongly encourage you to also get involved while you are here. Outside of going to class and doing assignments, it is the single best way to have a successful college experience.

Here are a few ways we suggest getting involved:

- Bring a new friend with you to a Campus Kickoff event.
- Visit pfw.edu/student-life to learn about all the clubs, organizations, and Greek-life opportunities.
- Stay healthy by taking advantage of the free-for-students fitness center. Join an intramural sport. Grab your paddle and kayak on the St. Joseph River. Visit our WellRec team to learn more.
- Grab a cup of coffee, tea, or hot chocolate for free every morning from the Student Government Association office. While you're there, chat with your student body president and vice presidents, or play Ping-Pong in the lounge.
- Apply for an on-campus job through Handshake. If you need a little help getting started, stop by the Career Development Center to learn about all the amazing services the team offers—it's never too early to start preparing for your career.
- Or just hang out between classes. We have a gorgeous campus, and this fall, we will be unveiling the Herd Hideout—a place just for you.

There are hundreds of programs and events for you to attend this semester—and a ton of them have free food or swag. Step out of your comfort zone, meet new people, experience new things, and take advantage of everything the college experience has to offer you.

We also have many services to support you throughout your time on campus:

- The Center for Student Counseling provides free mental-health counseling for all registered students. Visit the team to discover all the services offered.
- The FRIENDS of the University Pantry is filled with different kinds of food, including canned soups, beans, pasta, cereal, fruit, vegetables, rice, and a variety of frozen items. The pantry is free for students.
- The CARE Team is here to support you, a roommate, or a friend when you (or they) need some extra support or resources. Fill out a CARE Referral Form at pfw.edu/care.

I'm so excited to see you around campus. Please come up and introduce yourself—I can't wait to meet you!

Sincerely,

Kristina J Surface

MULTICULTURAL CENTER

The Multicultural Center at Purdue Fort Wayne is committed to the engagement, retention, and graduation of students of color. We embrace intersecting differences, advocate for social justice, and cultivate a campus climate that values all individuals. Our intentional programming and events foster enthusiasm for diverse cultures and backgrounds, while recognizing and celebrating the contributions of underrepresented students as an integral part of the campus community.

GETTING TO GRADUATION

The Getting to Graduation Program has a graduation road map that awards points to students for participation in a variety of campus programs. Students can earn points in three areas: social, academic, and career. Each area focuses on activities and encourages students to connect with others on campus and take an active part in their college success. At the end of each semester, students earning at least half the required points will earn a gift. At the end of each year, students earning the minimum points in each area will be invited to a recognition dinner.
