

Question Time

When restructuring was announced in Fall 2016, it was supposed to bring about great savings for the institution. How much money was actually saved through the restructuring, taking into account expenses associated with retraining faculty impacted by the restructuring and students who left due to the changes. To clarify, I am asking this question now because we are being told that there is pressure from PWL for additional cuts in the interest of saving money. Therefore, real data on the financial impact of the restructuring may be beneficial in presenting a case against further cuts to PWL.
