

In response to SD 17-20, which calls for the establishment of goals and measures for athletics, it was discovered in the Faculty Senate archives that such measures and a method for reporting on such measures already exists in the form of SD 03-19. This document calls for an annual report by the Chancellor with set criteria and measures. The document calls for a report and presentation before the Faculty Senate each fall. Some of the measures called for are no longer relevant. If the Faculty Senate wishes to amend SD 03-19 to change or add other metrics, it may do so following the established faculty governance system. What follows is the report for academic year 2019-2020. This report contains a best-faith effort at addressing each metric and request. The intention of the Office of the Chancellor is to issue this report and present it to the Faculty Senate each fall.

The report also has attached the Athletics Departments Annual Report from that same year.

Chancellor's Annual Report to the Faculty Senate on Intercollegiate Athletics

2019-2020

As requested in SD 03-19 following is the Chancellor's Annual Report to the Faculty Senate on Intercollegiate Athletics for the academic year 2019-2020.

Metrics:

1. Percentage and dollar amount of athletic scholarships funded from IPFW administered scholarship funds.

Percentage of Athletic Scholarships compared to total scholarship funds: 23.3%

Dollar amount of Athletic Scholarships: \$2,296,231

Total University Aid: \$9,850,154

2. Percentage and dollar amount of athletic scholarships funded from the Chancellor's Merit Scholarship Fund.

This metric is now irrelevant as this type of scholarship has been eliminated. Academic Aid is awarded unrelated of Athletic Aid and therefore is not funding Athletic Aid.

3. Fees per credit hour used in support of intercollegiate athletics.

A student fee of \$8.91 per credit hour is used in support of athletics.

4. Percentage of total athletic budget funded by student fees.

Student fees fund 15% of total expenses.

5. Total dollar amount of costs of coaching staff and support personnel allocated to the general fund.

This metric is now irrelevant as a general fund subsidy is sent to athletic accounts. Determining how much of the subsidy is specifically attributed to salary and benefits cannot be determined.

6. Surplus or deficit in annual athletic budget as shown on the EADA report.

Surplus of \$268,644

7. Number of “major infractions” assessed by the NCAA in the past ten years.

The university has had one major violation in the last ten years. It was self-reported to the NCAA and was reviewed through the cooperative summary disposition process, with the infractions decision occurring on November 24, 2015. The university was given two years of probation and monitoring for the infraction. The probationary period was completed successfully, and the university has no current major infractions. For this year’s report we have included information on Secondary infractions as well. Secondary infractions are isolated and limited in nature and often inadvertent. Institutions are obligated to monitor their athletics programs and are required to report even the smallest of infractions. At Purdue Fort Wayne, we emphasize and cultivate a culture of self-reporting as we are committed to operating in a manner consistent with the letter and spirit of NCAA, Horizon League, MIVA and institutional rules and regulations. The NCAA considers an institution’s track record of self-reporting as a potential mitigating factor when deciding sanctions. Institutions that report no secondary infractions are scrutinized heavily. In 2019-20, we submitted 10 secondary infractions: two related to amateurism/NIL, one related to social media, one related to official visits, one related to male practice players, four related to practice activities, and one related to promotions/tryouts. As is common practice with secondary infractions, additional rules education was conducted as a result of these violations. When appropriate and required, a reduction in practice hours or recruiting opportunities, deletion of social media posts, and repayment of the value of the impermissible benefit to a charity also occurred.

8. Win/Loss records in the various sports offered.
