SUBJECT: Recent Publication  
DISPOSITION: To the Presiding Officer for the record

Whereas "Giusti: The First Five Years" was produced and distributed at University expense upon the request and under the personal direction of Chancellor Joseph P. Giusti, and

Whereas "Giusti: The First Five Years" chronicled the ostensible accomplishments of Chancellor Joseph P. Giusti rather than those of the institution, and

Whereas "Giusti: The First Five Years" contains inaccuracies, misstatements, and distortions,

Therefore Be it Resolved that it is the sense of this body that "Giusti: The First Five Years" is an inappropriate publication, that it is an embarrassment to the University, and that it ought not to have been designated an official University publication.
