TO: The Senate

FROM: Educational Policy Committee

DATE: March 12, 1984

SUBJ: Academic Eligibility for Extracurricular Activities

DISPOSITION: To the presiding officer for implementation at the beginning of the Fall Semester, 1984

Whereas, IPFW is first and foremost an educational institution; and

Whereas, IPFW believes that academic achievement should be every student's first priority on this campus; and

Whereas, it is inconsistent with IPFW's commitment to academics for the University to allow students whose academic record is unsatisfactory to represent IPFW in other activities;

Resolved that students whose cumulative G.P.A. is below 2.0 on a 4.0 scale or below 4.0 on a 6.0 scale be prohibited from active participation in those extracurricular activities whose participants are representatives of the University.

The activities to which this resolution applies are Students' Government, Student Union Board of Governors, Purdue-Indiana Theatre, Forensic League, intercollegiate athletics, club sports, cheerleaders, and those ensembles and choral groups of the Division of Music that give public performances. It shall be the responsibility of each of the above groups to enforce this resolution, and to certify compliance each academic session to the Registrar.

Active participation means involvement in the planning, organization, or performance of an activity, and shall not be construed to prohibit attendance at any activity.

This resolution shall not prohibit any student from participating in any activity that is a necessary part of the student's degree program. It shall apply to participation without academic credit or for elective credit.
