**Senate Document SD 92-12
(Approved, 12/14/1992)**

To: Fort Wayne Senate
From: Educational Policy Committee
Date: November 22, 1992
Subject: Class-scheduling times, MW afternoons

Whereas, The MW 3:00-4:15 p.m. class-scheduling block has been approved for experimental use and evaluation; and

Whereas, The Calendar Subcommittee and the Educational Policy Committee have studied the scheduling of MW afternoon classes; and

Whereas, The MW 3:00-4:15 p.m. class-scheduling block has proved useful to certain departments and appears not to have interfered with classroom utilization or course availability during this off-peak period;

Resolved, That the MW 3:00-4:15 p.m. period be approved as a permanent class-scheduling option, in addition to the previously approved MWF 2:30-3:20 p.m. and 3:30-4:20 p.m. blocks; and

Resolved, That such approval specifically not imply the Faculty's approval of the scheduling of classes in the MW 1:30-2:45 p.m. block or other nonstandard and unapproved periods.
