Linda Hite, Chair
DATE: October 4, 2002
SUBJECT IPFW as ROTC partner school
DISPOSITION For information only

Ball State University, a host institution for ROTC has approached IPFW about serving as a partnership school for ROTC. This would mean that a Ball State military science faculty member would teach courses on the IPFW campus for our students interested in pursuing a military science minor. Educational Policy Committee agreed that this possibility continue to be considered and taken through proper channels.
