In reference to Senate Document SD 96-4 which states the following:

"That it be the policy of Indiana University-Purdue University that all administrative personnel who hold academic rank be expected, as a condition of their appointment, to be responsible for the teaching of one class per year in the department in which they have academic affiliation."

Could you provide the Senate with a report delineating the number of administrators above departmental chairs who have academic "rank" and the course number, title, number of students, and semester each has taught in the past three years?
